

## If I Could Feel Your Love

G D em C  
Sometimes you feel a hundred million miles from me  
G D em C  
Sometimes you feel so near  
G D em C  
Sometimes the rains come down so hard I cannot see  
G D em C G D G  
Sometimes the sky is clear, sometimes the sky is clear

G D em C  
I'll never know the way we first began  
G D em C  
Before the stars were born  
G D em C  
You have made me free to be here where I am –  
G D em C G D G  
Here where I belong, where I belong

G D em G  
*I would dance into the burning flame*  
C D G D  
*If I could feel your touch*  
G D em G  
*I would sail into a hurricane*  
C D G  
*If I could feel your love*

G D em C  
How did the hope go slipping through my open hands?  
G D em C  
With things I could not save  
G D em C  
How did the truth get scattered like some grains of sand?  
G D em C G D G  
Tossed into a wave, tossed into a wave

### CHORUS

G D em C  
A broken heart can beat again in perfect time  
G D em C  
Blinded eyes can dream  
G D em C  
Even wasted wings can learn to fly again  
G D em C G D G  
I really do believe, I do believe
